Pie, Pumpkin, 10 Slices

Preparation and Additional Information:

Instructions for Preparation and Cooking:

Thawing: Remove frozen pie from carton and remove overwrap. With gloved hands, remove desired slice(s) from pie pan. Gently pull paper dividers from sides of slice and plate frozen slice. Thaw slices, covered for 1 ½ - 2 hours. For best flavor, use thawed pie within 3 days. Note: if thawing whole pie, remove slice from tin with a pie server. If displaying whole, paper dividers may be removed for a more homemade appearance. For best results, thaw slices daily and return unused portions to frozen storage for up to 2 weeks.

Microwave Heating: Place one slice on a microwave-safe plate. Microwave about 20 seconds if refrigerated; 40 seconds if frozen.
