Preparation and Additional Information:

Instructions for Preparation and Cooking:

Remove outer plastic bag. Insert the skewer into the pre-made hole at the base of the cone. Mount shawarma cone on Autodoner rod. Place rod onto Autodoner motor mount and lock in place. Activate one of the two burners. After 45 minutes of cooking, activate the second burner and cook until golden brown and slightly crispy (typically 90-120 minutes). You're ready to begin slicing the first layer now. When the cone becomes golden brown and slightly crispy again, you're ready to slice again.

Logistics Information:
