Egg, Liquid Scrambled Blend Cage-Free Bag

Preparation and Additional Information:

Instructions for Preparation and Cooking:

1. Use tilting-braising pan unit or steam kettle with enough water to float bags. Stock pot requires more water and increased cooking.
2. Fill unit one-half full with water. Heat to simmer.
3. Immerse bags in hot water and adjust heat to maintain low simmer (190 degrees F).
4. Stir water and bags of eggs occasionally (about every 5 minutes) with paddle to assure uniform thawing and cooking.
5. Remove bags from vessel when cooked to desired texture.
6. Knead bags vigorously after cooking and again before serving. This will break up the cooked scrambled eggs and prevent weeping.
7. Store unopened bags in pans covered without heat. Eggs will stay hot up to 1½ hours.
8. CAUTION: ADDITIONAL COOKING TAKES PLACE WHEN HELD.

Logistics Information:

Gross Weight: 32 lbs

Case Dimensions: 13.8125 X 7.5625 X 12.125

Pallet Count: 60

Cube: 0.733

Block and Tier: 5 and 12
